

airX

Eliminating foul odours has been a problem that dates back to at least 3,000 years ago. No matter what foul odour you smell, AirX offers a solution to eliminate its root cause. There are many different AirX products in our range, so for every foul odour there is an AirX product that will eliminate the smell, not just mask it

DISINFECTING, DEODORIZING + ALL PURPOSE CLEANING

A range of products to clean, disinfect & deodorise hard surfaces. These products utilise the latest 2nd generation or 'Dual' Quaternary ammonium chloride compounds which kill a range of bacteria & infections that are untouched by traditional 'hospital grade' disinfectants

AirX Ultra - ultimate strength disinfectant

The most advanced of the USEPA registered concentrate disinfectant cleaners. Kills TB, Staph, HIV, MRSA, Hepatitis B & C virus (1lt, 5lt or 20lt)

AirX Miracoil - airconditioner coil cleaner

Removes corrosion, dirt, greasy soil, dust, lint & atmospheric deposits. Improves heat transfer efficiency & reduces energy consumption (1lt, 5lt or 20lt)

A2Z Cleaner/Deodoriser

Multi task. Meets & exceeds all recognised 'green' cleaner specifications. Ask for our full disclosure analysis (1lt, 5lt or 20lt)

AirX Neutral - pH neutral ultra strength disinfectant

In sensitive areas such as hospitals & veterinary environments, high pH products may be unsuitable (1lt, 5lt or 20lt)

AirX Super Spray & Wipe - heavy duty cleaner

Ready to use spray & wipe. Kills a wide range of infections including TB bacillus, HIV, Hepatitis B & C & Parvo Virus (750ml, 5lt or 20lt)

BATH, SHOWER + TOILET AREAS

Powerful yet non-hazardous product specifically designed to clean, disinfect & deodorise surface & sub-surface filth found in bathroom areas

AirX Odour Eater - bio-enzymatic foul odour digester

Contains 50 billion enzyme producing, odour eating bacteria per litre. Works spectacularly when sprayed around toilets & urinals (1lt, 5lt or 20lt)

AirX Bathroom Magic - powerful cleaner, sanitiser & deodoriser

Rapidly & effectively clean & de-stain basins, shower recesses, toilets & bench tops leaving surfaces with a shiny streak free finish (1lt, 5lt or 20lt)

AirX Super Spray & Wipe - heavy duty cleaner

Ready to use spray & wipe. Ideal for cleaning & disinfecting wash room areas. Kills a wide range of infections including TB bacillus, HIV, Hepatitis B & C & Parvo Virus (750ml, 5lt or 20lt)

airX

ODOUR CONTROL CARPET + FLOOR CARE

All unique AirX carpet care products use 3rd generation encapsulation technology to prevent re-soiling. AirX Laboratories formulated the first USEPA registered carpet cleaning solution. It is still the only formulation registered specifically for sanitizing & killing putrefactive bacteria in carpets

AirX Airicide - foul odour eliminator

Contains emulsified Airicide odour counteractant for easy mixing with carpet shampoos (1lt, 5lt or 20lt)

AirX Dual - anti-resoil carpet cleaner

For use with extraction or bonnet equipment. EPA registered as a sanitiser against odour causing bacteria (1lt, 5lt or 20lt)

AirX StayClean - easy-to-use carpet spotter

Formulated to not leave sticky residue behind after cleaning. Bonnet, Extraction or Low Moisture method (1lt, 5lt or 20lt)

AirX JetClean - anti-resoil carpet spotter

Ready to use spot cleaner for use on all types of carpet. Uses 3rd generation encapsulation technology to prevent re-soiling (1lt, 5lt or 20lt)

AirX Dri-Buff - One-step cleaner & polish for floors

Protects in one easy & particularly quick operation

BIO-ENZYMATIC + WASTE DISPOSAL

Bin Blaster - concentrated deo-degreaser

Spray on and around industrial bins, garbage compactors & waste collection equipment to liquefy grime & grease, then spray with water to activate Airicide (1lt, 5lt or 20lt)

AirX Open - bio-enzymatic drain opener

Not acidic or caustic. Works using natural bio-degradation, only faster. Contains Airicide & an additive for immediate action (1lt, 5lt or 20lt)

AirX Maintain - grease trap & drain maintainer

Billions of specially selected enzyme producing bacteria liquefy grease, fats & other potentials for drain blockage (1lt, 5lt or 20lt)

AirX Odour Eater - bio-enzymatic odour digester

Airicide in its concentrated, versatile form. Squirt into any areas emitting a foul odour for immediate relief (1lt, 5lt or 20lt)

ERASE ODOURS IN THE AIR

AirX Airicide - foul odour eliminator

Super concentrate. May be added to cleaning solutions & rinse water or used as a concentrate to squirt directly on areas emitting foul odours (1lt, 5lt or 20lt)
