

PRODUCT INFORMATION SHEET

Crème Cleanser

Crème Cleanser is used to remove heavy soiling in kitchen and bathroom areas. It is ideal for removing soap scum deposits, grease and fat build ups

FEATURES

- Crème Cleanser is a white opaque liquid with a fresh lemon fragrance. Crème Cleanser is used to remove heavy soiling in kitchen and bathroom areas. It is ideal for removing soap scum deposits, grease and fat build ups, etc.
- Combines a non-scratch calcite abrasive with a blend of detergents for effective safe cleaning on all surfaces in the kitchen and bathroom.
- With its fresh lemon fragrance and no dust it is much more pleasant to use than powdered abrasive cleaners.
- Crème Cleanser has been subjected to rigorous stability testing at elevated temperatures. The product is completely stable even after months of storage.

HOW TO USE

- Crème Cleanser can be used on laminex, ceramics, cooker tops, saucepans, glass, baths, basins, and stainless steel.
- Either squirt onto a damp cloth and rub into the surface, or squirt directly onto the surface and rub in. Use Crème Cleanser sparingly as a little goes a long way, and if too much is used it will only create extra work in rinsing away.
- As well as being a great cleaner on all normal kitchen and bathroom surfaces, Crème Cleanser is also suitable for removing burnt on deposits off barbeque plates, saucepans, etc. Simply squirt onto the wetted surface and scrub with a scourer
