

PRODUCT INFORMATION SHEET
Free Zone

Free Zone is a clear purple liquid with an exotic floral spicy fragrance. It is a deodorant space spray designed to kill odours in rooms and carpets

FEATURES

- Free Zone contains a high level of an exotic fragrance. This means the product will deodorise the room for extended periods.
- Free Zone is a bulk product dispensed through a trigger spray. This makes it much more economical than aerosol products, and also better for the environment.
- Free Zone also contains a quaternary ammonium compound. When sprayed over carpet this helps kill odour causing bacteria

HOW TO USE

- Simply dispense into a trigger spray and adjust to give a fine spray. Spray into the air to deodorise rooms, or directly onto carpets and other surfaces with a bad odour.
- Use Free Zone neat, do not dilute with water.
- Do not spray directly over people, pets or over fish tanks
