

**PRODUCT INFORMATION SHEET**  
***Lemon Sheen***

**Lemon Sheen is an opaque white liquid with a fresh lemon odour. Lemon Sheen is used to clean and protect laminated furniture and other non absorbent surfaces**

---

***FEATURES***

---

- Lemon Sheen contains a blend of detergents and special silicone emulsions. These clean and protect the surface without leaving an oily film.
- Lemon Sheen is a bulk product that is dispensed into trigger sprays for use. This makes it much more economical and better for the environment than aerosol furniture polishes

---

***HOW TO USE***

---

- Simply decant into a trigger spray, then spray lightly over the surface and polish off.
- Use Lemon Sheen neat. Be careful not to spray over floors as the surface may become slippery
