

Pan Fresh

Sanitary Fluid for Portable Toilets

FEATURES

- Pan Fresh contains a blend of germicidal agents and detergents, to break up solids and penetrate into all areas to control the growth of bacteria that causes odours.
- Pan Fresh has a powerful fruity floral fragrance to leave the toilet area clean and fresh.
- Pan Fresh does not contain formaldehyde, a toxic chemical still used in some portable toilet chemicals

HOW TO USE

- Pan Fresh is suitable for use in camping toilets, hire toilets, bus/boat and houseboat toilets.
- Simply add Pan Fresh to the holding tank at a rate of 250 ml (1cupful) for each 50 litres of water.
- Do not add any other chemicals to the water
