

PRODUCT INFORMATION SHEET
Red Thunder

Red Thunder is a viscous red liquid with a pine oil and ammonia odour. It is a multi purpose cleaner for bathroom, kitchen, laundry and general use. Red Thunder cleans and deodorises at the same time

FEATURES

- Red thunder is a soap and detergent based cleaner with added pine oil and ammonia. This gives goods cleaning at an economical price.
- The soaps and detergents used have excellent biodegradability and break down rapidly in sewerage or septic tanks

HOW TO USE

- Red Thunder can be used on most washable surfaces. Because it contains ammonia it should not be used on sealed vinyl floors as it will partially remove the finish.
- For general use add ½ cup to half filled bucket of warm water. For very stubborn stains a small amount of neat product may be applied using a damp cloth.
- Red Thunder may also be used for soaking soiled clothes. Add 1 cupful to 5 litres of warm water
